

50 Years of Education

The very first students attended Emerald State High School on the 28th of January, 1969 which means that in 2019, we will be celebrating 50 years of Emerald State High School.

We have a proud history of student achievement across all fields - academic, vocational, artistic, athletic and musical and we look forward to showcasing the last 50 years of the school, its staff and its students.

Your commitment to the Emerald State High School jubilee will not only present significant opportunities to promote your business to 50 years of students, teachers, administrators, ancillary staff, invited dignitaries, and the whole Emerald community, it offers a unique opportunity to support the school and celebrate its history.
