

PBL LESSON PREPARED

**COME PREPARED WITH ALL NECESSARY
EQUIPMENT**

LEARNING INTENT:

LI: Students will understand the expectations around equipment and what you need to be ready to learn each and every day

SC: will understand the next fortnightly focus for PBL, and the rewards and consequences

Vocab: prepared, ready to learn

HOW TO BE READY TO LEARN:

- This week (week 8) you will be given the opportunity to reorganise yourselves by ensuring you have the equipment you need to learn at Emerald State High School. You need to check that you have the following:
- In your pencil case you should have: 2-3 working pens, a pencil, eraser, sharpener, ruler, calculator, glue, scissors highlighter, whiteboard marker for show me boards and any specialist items that you need for a subject (ask your teachers if unsure). **DOUBLE CHECK THESE EXPECTATIONS WITH YOUR CLASSROOM TEACHERS.**
- You should have a school diary, and a notebook for EVERY SUBJECT. 5 subject books are NOT recommended in case a teacher needs to collect your work.
- Your work should be in order, and neat and tidy.
- In PE (and lessons outside), you will need a hat.
- It is highly recommended to bring a water bottle and fill it before each lesson. You are not allowed drink breaks during lessons.

HOW TO BE READY TO LEARN:

- Next week (Week 9), you will be rewarded with extra VIVO points for bringing all their necessary equipment for their lessons. This is an easy way to boost your VIVO points. Make sure you remind your teachers!
- If you have any issues getting/ accessing equipment, it is up to you to see your HOY who have some.
 - Year 7: Ms Deighton (J Block staffroom)
 - Year 8: Ms Royal (C Block staffroom)
 - Year 9: Mrs Bland (F Block staffroom)
 - Year 10: Mrs Prior (F Block staffroom)
 - Year 11: Mr Heath (J Block staffroom)
 - Year 12: Mr Tyack (F Block staffroom- closest to the car park)

HOW TO BE READY TO LEARN:

- After Week 9, teachers will be checking that you are ready to learn with all your equipment. Consequences will occur, for those who are consistently not prepared.

EXCURSIONS

- Remember this includes excursions and extra- curricular activities. Make sure you are prepared for these events and the specific items that you might need to bring to these (like: football boots, note pad, water bottle, or if its camp- the list of items you are given by the teacher/ school).
