# ONE STORY ISN'T ENOUGH

## EMERALD STATE HIGH SCHOOL

E

The exhibition, 'One Story Isn't Enough' celebrates the visual narratives skilfully communicated by Emerald State High School students, from Year 7 through to 12.

These talented individuals have utilised a variety of media, techniques and processes to bring their ideas to life, ranging from lino prints in the junior years, to artist books and painted works on alternate surfaces, in the senior years.

Inspiration for these unique works comes from all directions, including personal experiences, stance on current social issues and the desire to adorn.
